

In compliance with 49 C.F.R. Part 26, Dallas Area Rapid Transit (DART) published their final Disadvantaged Business Enterprise (DBE) Goal on August 1, 2016 for all Department of Transportation (DOT) related contracts for Federal Fiscal Years 2017 - 2019. After carefully considering identified DOT assisted projects to be awarded during the triennial period as well as consulting with community stakeholders, it has been determined that DART's DBE goal will be 31% (17% race neutral/14% race conscious). Should you have any questions about our DBE Program, you may submit them to:
